Homepage

Welcome to our Shopping Cart Application! We've designed our homepage with your shopping experience in mind, providing a seamless and user-friendly interface to enhance your online shopping journey.

Homepage Sections:

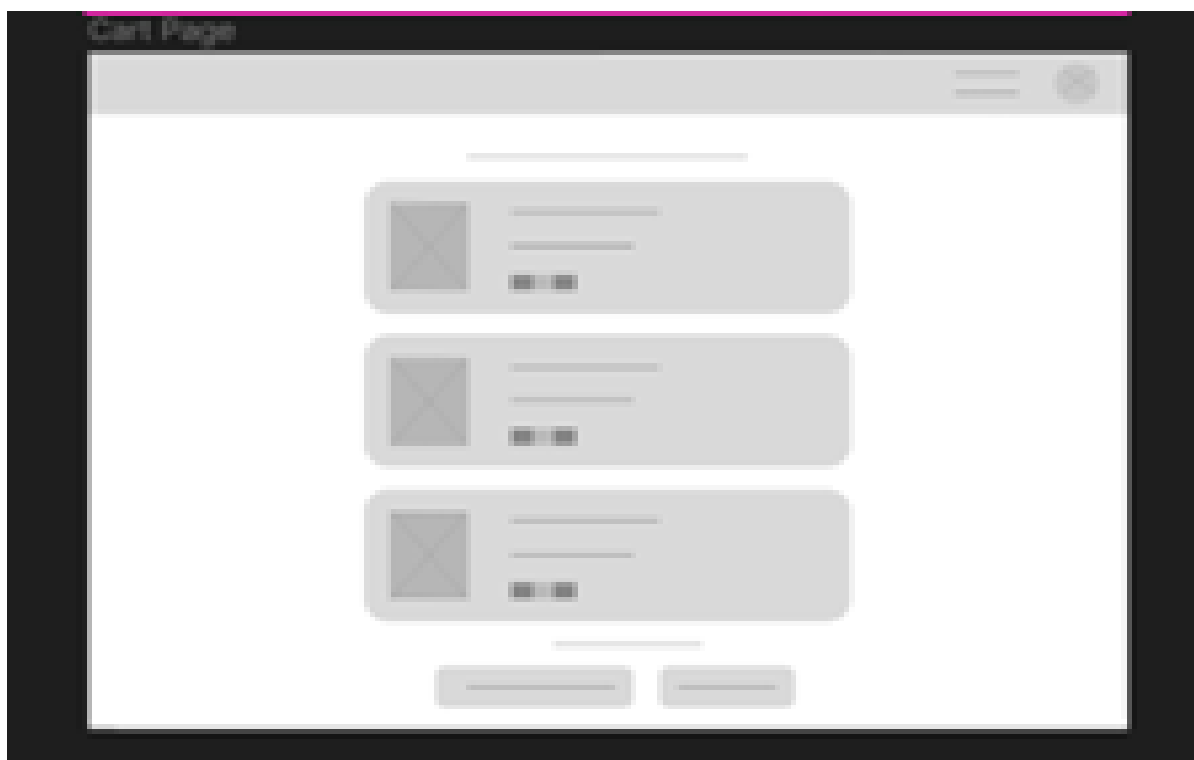

1. **User Preferences Pop-up:** As soon as you land on our homepage, you'll be greeted with a thoughtful pop-up window. We want to understand your shopping preferences to offer you a personalized experience. This pop-up will ask for your shopping interests and favourite categories, helping us tailor product recommendations and create a shopping environment that aligns with your tastes.
2. **Shopping Cart Application:** Once you've shared your preferences, our homepage will seamlessly transition you to our Shopping Cart Application. Here's what you can expect:

Homepage: Our homepage will display a personalized selection of products and deals based on the preferences you've shared. Discover items that match your style and interests, making it easier to find exactly what you're looking for.

Cart Page: When you're ready to make a purchase or review the items you've selected, head over to our Cart Page:

- **Cart Summary:** Get a detailed overview of the products you've added to your cart, including quantities and prices.
- **Add and Remove:** Easily add items to your cart with a simple click, and remove them just as easily if you change your mind.

At our Shopping Cart Application, we're dedicated to providing you with a personalized, convenient, and user-friendly shopping experience. Whether you're looking for everyday essentials or something special, we're here to help you find the perfect products. Enjoy your shopping journey with us!

THANKYOU
